In "The Numberniks," your child will join a group of friendly characters who love nothing more than counting. Together, they'll explore different sets of objects, from toys and animals to fruits and vegetables. With each set, your child will learn how to count the objects and identify the number that represents that set.

The book is divided into five chapters, each of which focuses on a different number range. In Chapter 1, your child will learn about the numbers 1 to 5.

In Chapter 2, they'll learn about the numbers 6 to 10. And so on, until they've mastered the numbers 1 to 20.

Each chapter includes a variety of activities to help your child learn about the numbers in that range. These activities include counting games, puzzles, and songs. There's also a section at the end of each chapter where your child can practice what they've learned.

"The Nummerniks" is the perfect book for young learners who are just starting to learn about numbers. With its fun and engaging approach, this book will make learning about numbers a positive and enjoyable experience.
